Henderson State Teachers College was established by act of the General Assembly in 1929 as a college for the education and training of teachers for the public schools of Arkansas. It occupies a campus donated to the state, along with some buildings and equipment, by the city of Arkadelphia, which had received it from the Methodist Church which for many years had maintained a college here.

The college was admitted in 1931 to the American Association of Colleges for Teacher Education, and in 1934 to the North Central Association of Colleges and Secondary Schools. It is also a member of the American Council on Education.

In this twenty-fifth year as a teacher-training institution, Henderson is participating in the Ford Foundation Plan for Teacher Education.

Miss Terrell to Bittinger
Editor, '54 Star
Box 195
Henderson State Teachers College
Arkadelphia, Arkansas

Dear Miss Bittinger:

You may soon expect to receive the pictures of your nominees for your school's beauty under separate cover.

I think it needless to say that my co-editor and I enjoyed acting as judges of your beauty contest. Our only hope is that selections are acceptable not only to you and your staff, but to all of your fellow students.

After careful consideration we have chosen Miss Virginia Williams as our first choice and Miss Erlene Arum as the runner-up. We think that these, as were the rest of the candidates, are very beautiful, and are very envious of the men in your student body attending class with women such as these.

I do hope that our delay in making a chose has not inconvenienced you too much. We just returned to classes this past Monday after a much needed week's vacation following exams.

Again we thank you for selecting us for the wide field of colleges. We are enclosing our pictures, as you requested, hoping you will do with them as you see fit, including burning them. And, if possible, we would very much appreciate your sending us a copy of the '54 Star.

Much luck in completing your book.

Sincerely,

Allan H. Hohlt

TREES

'till The End of Time!

Here at Crossett, tomorrow not only is another day but another tree, thousands of trees, to be exact. Which, in a word, keynotes Crossett's forest management program. Pioneered before World War I, developed into full harvesting cycles between wars, and today a recurring source of adequate timber growth, it produces saw logs in volume sufficient to maintain Crossett's big mill production of Arkansas Soft Pine and hardwoods for all time.

These pages are reserved for autographs through the courtesy of those instructors, who, using methods ranging from gentle persuasion to D-slips, insisted that staff members attend their classes . . .

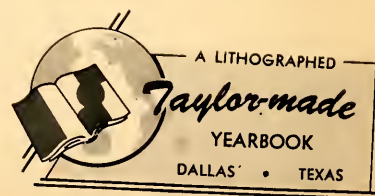

. . . of guys 'n' gals who dated annual staffers of the opposite sex,
of organizations that boast (?) them as members . . .

. . . of the Bookstore, the Tavern, the Bluff, and other local hang-outs, and of the 1001 other people and projects that lay claim to staff members' time . . .
